77, strada del lauro, 10132, Torino, Italia

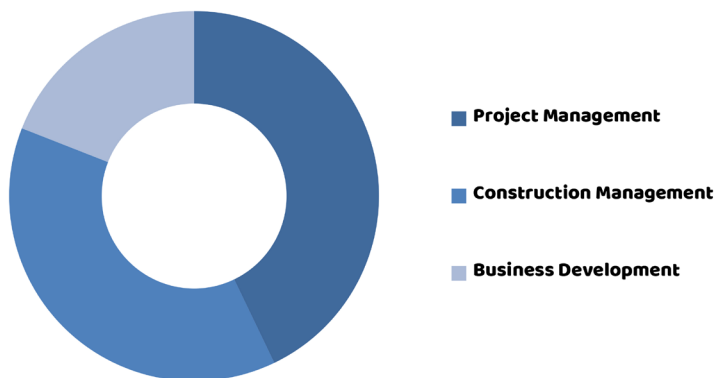

## SUMMARY

Architect with **solid international professional experience** from the best European architectural firms. Involved in **digital fabrication**, integrating design and production through BIM languages and using **data-driven logic** for design improvement targeted to **MMC, Offsite** and **modular construction**.

Increasingly interested in **innovation applied to construction**: founded an innovative proptech startup that, through **IoT** sensors and **AI**, detects and interprets the correlations between physical layout and individuals' behavior.

Seeking to **combine technology and construction** in innovative projects capable of making a significant contribution to the development of smart buildings for Senseable City vision.

Focused on fostering **decarbonization in construction** processes to enhance **Nearly Zero Energy Buildings** with a **positive environmental** yet also **social** as well as living **impact**.

## EXPERIENCE

### Construction Innovation Officer

Edera

06/24 - present

Milan

I work on decarbonization and regeneration of the built environment through Offsite, industrialized and MMC-based approaches. Within OffsiteHub Italia, promoted by Edera, I lead the Temporary Offsite construction division, focusing on innovative solutions for construction projects driven by non-permanent requirements: from urban scale with Tactical Housing to emergency, from the need to rehouse workers (staff housing) to exhibitions and events.

### Chief Executive Officer

S4fe

04/21 - 12/23

Turin

I am one of the founders of S4FE, an IoT system which uses cameras, computer vision and AI (machine learning) to analyze spaces, detect how people perceive them and how they influence one another.

Responsible for leading S4FE team:

coordination and financial management of the startup, fundraising with investors and banks, Business Development, Strategy & Innovation in Proptech.

### Chief Operating Officer

Carlo Ratti Associati \_ CRA

07/18 - 09/21

Turin

I led CRA MAKE, Carlo Ratti Associati engineering branch, with the mandate to build projects designed by CRA.

Operational management of the company and the team of Project Managers. Coordination of Business Development in Strategy & Innovation.

### Chief Project Officer

Pac Team Group

04/16 - 06/18

Turin, Lausanne

I led an international team of Project Managers.

Coordination of the team, budgets and targets achievement.

Head of Business Development team.

### Senior Project Manager

Nussli Group

01/12 - 03/16

Milan, Zurich, Basel

Large- and middle-scale project development.

Coordination of the teams and workers, budgets and targets achievement.
