P R O F I L E

Chartered Architect with 6 years of experience gained on a large number of projects based in Europe and the Middle East. Work experience ranging from design to coordination of architectural and interior projects, including hotel, residential, mixed use and commercial. Highly imaginative and creative mind. Confident in liaising with the client in various stages thanks to excellent presentation skills and attention to details. Able to deliver against timelines and milestones thanks to self-starter, results-focused and team player attitude. Successful in reviewing and analyzing work methods in order to increase efficiency and productivity. Ager to find a suitable position that can provide new exciting opportunities and challenges, and to be involved new projects in which I can apply my skills and expertise to deliver high quality projects.

S K I L L S

- > Project Design and Management (successfully handled projects of various size and complexity from inception through to completion and during both the design and construction stages);
- > Business Development (strategically established and maintained client relationships through involvement in contractual, design and production meetings);
- > Communication (efficiently liaised with clients, consultants and contractors across all levels in order to build relationships with all parties);
- > Organizational and Planning (Managed and met tight projects deadline thanks to excellent organizational and time management skills);
- > Technical and Software - Fully proficient with Auto Cad , Rhinoceros, SketchUp, V-ray, Maxwell render, Adobe Photoshop, InDesign, Illustrator, Microsoft Office.
